

# Carilion Clinic Drug Donation Program

## Mission

This drug donation program is a joint effort between the Carilion Medication Assistance Program and the Carilion Community Pharmacy is designed to offer an affordable, onsite option for patients that are otherwise financially unable to afford their current prescription medications.

## How to Donate

Bring your unused and unopened medications to the Crystal Springs pharmacy location and we can help sort through which ones we are able to accept for donation or help you properly dispose of them in one of our Med-Safe lockers.

## Which Medications Can You Donate

Medications that are able to be donated must be unopened, non-refrigerated, and in the manufacturer's sealed container.

- **What we accept:**
  - Inhalers (still in foil wrapping)
  - Injectable devices (i.e. Lovenox)
  - Sealed manufacturer bottles of prescription tablets or capsules
  - Unit-dose packages like blister cards
- **What we do not accept:**
  - Controlled substances
  - Expired medications
  - Medications that have not been stored properly according to the manufacturer's recommendations
  - Medications dispensed from the pharmacy in the traditional amber vials
  - Refrigerated medication (i.e. insulin vials or pens)

## Location:

Medical Center Pharmacy  
2001 Crystal Springs Ave SW #110  
Roanoke, VA 24014  
(540)-853-0905

## Contact:

If you think you would benefit from this program please contact the Carilion Medication Assistance Program (CMAP) office at (540)-981-7647 to determine eligibility.

## Drug Disposal

All Carilion Retail pharmacy sites accept drug disposal. If you have used or unused medications that you or your family no longer need we can help you dispose of them safely.
