January 17, 2021

Town of Rocky Mount
Rebecca Dillon, Clerk
345 Donald Avenue
Rocky Mount, VA 24151

Dear Ms. Dillon and all Rocky Mount Town Officials:

Franklin County Voters Matter is an organization made up of over 500 interested people who live in Rocky Mount and Franklin County or have connections to the Town of Rocky Mount. We are concerned about the recent events involving two policemen serving on the police force in Rocky Mount.

While we respect the Freedom of Speech that our constitution provides, we cannot ignore the behaviors of these public officials as they participated in an insurrection against our US government. Public comments by these individuals before the insurrection confirm their reasons for being there on January 6. Therefore, we are asking for the immediate firing of these individuals and their being removed from the Taxpayer's responsibility. We cannot continue to condone these behaviors.

Further, we are asking that the Police Chief, Ken Criner and the Town Manager, C. James Ervin resign their posts immediately because of the alleged cover up of these employee's illegal activities.

This is a very emotional and serious time in the existence of Rocky Mount. Let us continue to provide opportunities for continued progress and growth by demanding integrity in our local governments.

Sincerely and respectfully submitted on behalf of,

Franklin County Voters Matter
